CASH DISCOUNT FOR EARLY ORDERS.

As an inducement to our customers to send us their orders early, we offer a discount of 10 per cent. on all Plants in this list from page 2 to page 22, when the money is sent with the order. This will be a mutual advantage, as it will enable us to fill our space again before the rush of the spring trade begins. This discount does not apply to the Waban Rose.

THE NEW FORCING ROSE,
A RED MERMET. "WABAN." A RED MERMET

This very valuable rose originated at the Waban Conservatories of E. M. Wood & Co., Natick, Mass. The engraving on the left shows the flowers one-third natural size and is far from doing them full justice. It is a sport from Catherine Mermet, and identical with that variety in every characteristic excepting color, which is a rich deep bright pink; it sustains the same relation to its parent as Duchess of Albany does to La France. The only objections to C. Mermet is its frequently pale insipid color in cloudy weather, experience has shown that the Waban retains its deep rich color in all kinds of weather; it will, without doubt, prove to be as valuable as The Bride, which is also a sport from the same fine variety.

It has already received the SILVER MEDAL of the Massachusetts Horticultural Society; a Certificate of Merit from the Pennsylvania Horticultural Society, also from each of the other societies of this country and Canada, where it has been shown.

Ready for distribution on April 15th, 1891. Orders booked now will be filled in strict rotation. Extra good plants,

DUCHESS OF ALBANY.

This grand winter flowering variety is a "sport" from the most popular variety, "La France," and inherit all the grand qualities which have made its parent the favorite it is. To these is added the richness of color shown in the colored picture—a shade which our artist describes as "Tyrian Rose" and which is very rare. It is this rich tint which has earned for it the popular title of "Red La France." In profusion of bloom it is remarkable, every shoot producing large double flowers of exquisite fragrance and grand form.

Price, 3 in. pots, $2.00 per doz.; $16.00 per 100; 2 in. pots, $12.00 per 100.

"MADAME HOSTE."

This is a true "Tea" variety of delicious fragrance and splendid form. It occasionally assumes a creamy white shade with a clear amber centre, but in either shade it is undoubtedly a very handsome Rose, and owing to its strong, thrifty habit, is never out of bloom. The best idea of the value of this grand variety may be had in the knowledge that this year there are tens of thousands of it growing for cut flowers to supply the New York market, which as is well known, is the most fastidious in the country and demands the highest quality only.

Price, 3 in. pots, $8.00 per 100; 2 in. pots, $6.00 per 100.

THE POPULAR WINTER FLOWERING ROSES.

All the Roses offered herewith have been propagated from ripened wood during the late summer and fall, then grown on in cold houses so that their vitality is not impaired, thus they may be relied upon to make vigorous plants for next season's forcing, and being thus "hardened" are in perfect condition for shipping. We have reason to know that this method of culture has been productive of the best results.

Bon Silene. Carmine.
Perle des Jardins. Yellow. (See page 3.)
Am. Beauty. Crimson. $16.00 per 100.
Papa Gontier. Carmine, crimson.
Niphetos. Pure White.
Cornelia Cook. Pure White.
S. de Wooton. Dark crimson.

Catherine Mermet. Pink.
Madame Hoste. (See above.)
Sunset. Buff and Apricot.
The Bride. White.
La France. Peach pink. (See page 3.)
Mme. de Watteville. Cream and pink. (p.4.)
Duchess of Albany. See cut and description.

Price for any of the above (except where specially priced) 3 in. pots, $3.00 per 100; 2 in. pots, $3.00 per 100.
A SUPERB
Hardy Ever-Blooming
ROSE.

"Mrs. Degraw."

The following description is taken from our retail catalogue:

"Every one wants a hardy ever-blooming Rose, and when our attention was called to the grand variety shown in the accompanying engraving, we at once took steps to procure it for our customers. Following our usual practice, we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. Is it with the greatest pleasure, therefore, we announce to our customers that we have raised a grand stock of this superb Rose, and can confidently recommend it as being entirely hardy, equaling the tender sorts in profusion of bloom. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses, thus it is certain to be unequaled for the garden or cemetery. It is fair to say that this superb variety was raised by Mr. Wm. Burgess some years ago, but remained almost unknown until now, when we bring its merits before the public. Read what that eminent authority, Mr. Wm. Falconer says about it in a letter to the "American Florist," an extract from which we print in the upper left-hand corner of the engraving. The sketch was made from nature by our own artist, and shows the wonderfully prolific blooming qualities of this grand Rose. Every shoot is loaded with flowers as shown."

Price, strong plants from 3-inch pots, $12.00 per 100.
CLIMBING PERLE DES JARDINS.

(Flowers ¼ natural size.)

are both in constant demand for summer flowers, and are sure to

Price, 2 in. pots, $3.00 per 100.

" 3 " 8.00 "

YELLOW TEA ROSE,

"Perle des Jardins."

No rose of its color ever cultivated for cut flowers up to
the present time is now so valuable as this. Tons of
thousands of it, covering many acres in glass, are now grown
in the vicinity of New York for winter flowering; it is
equally valuable for summer, as it flowers continuously.
Its color is a rich shade of yellow, large size and perfect
form, tea fragrance, a healthy, free grower, and unequalled
in profusion of bloom, either in the greenhouse in winter
or in the open ground in summer.

Price, $8.00 per 100 from 3 inch pots.

" 6.90 " " 2 "

HYBRID TEA ROSE.

"La France."

We have a very large and fine stock of this superb rose,
which every year becomes more popular; flowers large and
beautiful, either in the bud form or when expanded; peach
blossom color, shaded pink and silvery rose.

Strong imported plants, $6.00 per doz.

Plants from 3 inch pots, 6.00 per 100.

" 3 " 8.00 "

POLYANTHA ROSES.

A class of roses of much value for bedding purposes, as
they form a mass of bloom. They are of dwarf habit, and
are continuously in flower during the entire season. The
flowers are produced in numerous clusters; the single flow-
ers are about 1½ in. across. The clusters of flowers produce
from 25 to 100 flowers. The Polyantha Roses are hardy in
this latitude with slight protection, and are particularly
valuable for planting on the borders of beds where the
taller growing sorts are used.

Mignonette. Dark pink; extrafine.
Paquerette. Pure white; very hardy.
Mme. Cecil Bruner. Delicate rose color.

Price, plants from 3 in. pots, $1.00 per doz., buyers' selection; our selection of varieties, $6.00 per 100.

CLIMBING PERLE DES JARDINS.

A grand new Rose of American origin which
we take pleasure in offering to our customers,
believing that it will give satisfaction to every
purchaser. It is a "sport" from "Perle des
Jardins," that fine variety which furnished the
"Sunset" Rose introduced by us a few years ago, and now it has produced this grand
climbing variety, which is also ever-blooming.

In this new sort we have all the good qualities
which made its parent famous, viz., strong,
healthy constitution, freedom of bloom, and
the delightfully fragrant deep yellow flowers
familiar to every lover of choice Roses. When
the years excellent traits we add that the new
"Climbing Perle" is a most rampant running
rose some idea of its great value may be had.
For the South it will be particularly valuable,
as it is entirely hardy there, while for a pillar
Rose in the conservatory it will be invaluable.
Even the smallest size will make fine plants
this season.

Price, fine young plants, from 3 in. pots,
$4.00 per doz.

HERMOSA & AGrippINA

(Silver Rose) (Dark Crimson.)

The two roses named above are perhaps the
best for general use among the numerous varie-
ties offered. They make splendid pot plants
for Spring sales, are grand when planted in
masses in the open ground and make magnifi-
cent hedge-plants in the Southern states. They
now have a tremendous sale the coming season.

Price, 4 in. pots, $16.00 per 100.

" 5 " 20.00 "

LA FRANCE (½ natural size.)

Anna Marie Montravel. Beautiful white; fine form.
Perle D'or. Saffron yellow; tinged copper color.
Miniature. Deep pink, changing to flesh color.
NEW HARDY EVER-BLOOMING ROSE

"Dinsmore."

We repeat the description given of this grand variety when first introduced by us, and would add that, next to "Sunset," it has had the largest sale of any rose ever sent out by us. We have received hundreds of letters confirming our high opinion of it. "For years we have been looking for a variety which had all the desirable qualities of a bedding rose—that is, one which was of good color, fine form, a profuse bloomer, and which would stand the rigor of our Northern winters without protection; and we can conscientiously say that, until the 'Dinsmore' was produced there was none of our knowledge which combined all these qualities. It is a vigorous, healthy rose of branching habit, and is simply loaded with flowers all summer long, being even more profuse than most of the tender 'ever-blooming' roses. The flowers are large, perfectly double, and of a dazzling scarlet crimson color, and have that rich, spicy fragrance peculiar to the best hybrid roses. We have proved the 'Dinsmore' to be entirely hardy, and can recommend it as being the finest garden rose ever offered." Wherever summer rose buds are wanted it has no equal. (See cut.)

Price, from 3 inch pots, $12.00 per 100.

3 10.00

MADAME DE WATTEVILLE.

A grand rose for either summer or winter flowering. The coloring is most remarkable, cream at the base of the petals gradually deepening to yellow, while the edges are suffused with delicate shell pink and brilliant carmine tints, so exquisitely blended as to render description difficult. One peculiarity of this rose is that unlike other varieties, it lights up under the gaslight even more brilliantly than in the daylight, hence it will be always popular for evening wear.

Price 2 in. pots, $6.00 per 100.
3 8.00

HARDY YELLOW ROSE.
Persian Yellow.

This variety is always in demand and is comparatively scarce. We have secured a good stock of it this season and offer only strong flowering plants. It is dark golden yellow. The best variety of its color, and is entirely hardy.

Fine large plants, 75c. each; $7.50 per doz. 2d size, strong flowering plants. 50c. each. $4.50 per doz.

"GEN. JACQUEMINOT."

Not known everywhere. The best of all forcing roses of the Hybrid Perpetual class. Hundreds of thousands of feet of glass are exclusively devoted to this one variety. The buds, in midwinter, wholesale at from 25 to 50 cents apiece. Color, rich crimson, of fine shape and exquisite fragrance. This grand old variety holds its own against all new comers, and is undoubtedly one of the finest hardy roses of its color. (See cut.) Strong pot-grown plants, 3 in., $6.00; 4 in., $12.00.
Magna Charta.

We have strong pot-grown plants of this peerless variety, which will make excellent plants for market in the Spring.

Extra strong imported plants, $50 per 100; plants from 4 in. pots, $50 per 100; plants from 3 in. pots, $10 per 100.

Hardy Climbing

Roses.

Anna Maria. Large, rosy pink, full and fragrant.
Balt. Belle, Pale blush, very double.
Climbing Jules Margottin. Large, dark red, full and fragrant.
Climbing Victor Ver- dier. Bright red, with purplish edged petals; globular.

Gem of the Prairies. Bright violet crimson, sweet fragrance.
Extra strong two-year old plants, 50c. each; $4.50 per doz.

Gloire de Dijon.

We offer plant for rafters of this well-known buff colored climbing variety in the same grade as the M. Neil at the same prices, viz: 8 in. pots, $2.00 each; 7 in. pots, $1.50 each; 6 in. pots, $1.00 each.

MARSHAL NEIL.

We offer some extra fine plants, suitable for growing on rafters; all pot-grown finely ripened canes from 8 to 12 feet.

EXTRA LARGE IMPORTED HARDY ROSES.

We offer this season a grand collection of the finest hardy varieties imported from the most celebrated growers of England and France. They are extra large strong plants, growing in 5 and 6-inch pots, and cannot fail to please the most fastidious.

Anna de Diesbach (Gloire de Paris.) Rich carmine.
Baroness Rothschild. Exquisite satiny pink.
Boule de Neige. Pure white, strong grower.
Capt. Christy. Delicate flesh color.
John Hopper. Bright rose.
Jean Liscard. Dark velvety blackish crimson.
La France. Peach blossom pink.
Mme. Gabriel Luitze. Delicate silvery pink.

$6.00 per doz. Set 20 varieties for $8.00.

POT GROWN ROSES FOR SPRING SALES.

We grow great quantities of these from summer propagation, shifting on into 3-inch pots and storing away in cold houses in late fall, so that they are in just the condition to be shifted into 4 or 5-inch pots for spring sales. Our collection embraces 100 kinds (see Retail Catalogue, pages 108 and 109, for description of varieties) including Hermosa, Agrippina Saffron, Marie Guillot, Lucile Malmaison, Douglas, I. Sprunt and all the leading garden Roses. Price 3-inch pots, $7.00 per 100; $60.00 per 1,000.

The same general assortment from 5-inch pots, buyers' selection, $25.00 per 100. Our special, $30.00 per 100.
The greatest novelty in plants this season is the **Pink Ostrich Plume Chrysanthemum, \"Louis Boehmer.\"**

The \"Louis Boehmer\" has the same wonderful hair-like growth or excrescences that appeared for the first time in the white variety, \"Mrs. Alpheus Hardy,\" but it differs from it in color, being a most beautiful shade of lavender pink, shaded with silvery pink on the ends of the petals. The flowers are splendidly incurved, as shown in the engraving; the inside of the petals are deep rose, so that the contrast between their inner and outer surfaces is very decided, and adds greatly to the appearance of the flowers. For evening wear, the \"Louis Boehmer\" will be sure to be in demand, as its color under gaslight is a soft, pleasing pink.

The \"Louis Boehmer\" was shown at the flower shows last fall in nearly every large city in the United States, being the leading feature wherever exhibited, so that it is certain to be in great demand by retail buyers, and florists will do well to take steps to supply this demand by buying from us. The \"Louis Boehmer\" is one of the strongest growing chrysanthemums we have. Its flowers are enormous, being nearly double the size of \"Mrs. Hardy,\" and it is absolutely free from any taint or blight, so that it is certain to succeed under the most ordinary care. Awarded a silver medal at Philadelphia, and certificates of merit at Orange, N. J., and other places. A grand stock enables us to offer it at the following reduced prices—reduced from our previous offers. Price, $3.00 per doz.; $10.00 per 100. **AS OTHERS SEE IT.** Please see next page.
The Pink Ostrich Plume Chrysanthemum,  
"LOUIS BOEHMER."  

(See Preceding Page)  

AS SEEN BY OTHERS  

ON TWO CONTINENTS.  

Europe. The twelve blooms of Louis Boehmer reached us in grand condition. So superior is it to the general idea entertained, that we think it will be wanted everywhere and you may send us double the quantity ordered. Every one who saw the flowers speak in praise of them. Will send some of your blooms to Paris for exhibition.—H. Cannel & Sons, Swanley, Kent, England.

ECHOES FROM SOME OF THE EXHIBITIONS—FALL 1890.  

(Extracts from letters received and press notices.)

Philadelphia. The "Louis Boehmer" was one of the features of the exhibition. (Given a silver medal last year.)

Boston. Some very fine specimens of "Louis Boehmer" were staged by Peter Henderson & Co. It is undoubtedly a fine variety.

Orange. The "Louis Boehmer" was shown by Peter Henderson & Co. 12 blooms each measuring six by four inches. It is unquestionably an acquisition. (Given a certificate of merit last year.)

Indianapolis. The Pink "Ostrich Plume" Chrysanthemum "Louis Boehmer," was shown by Peter Henderson & Co. and attracted universal attention.

Toronto. "Louis Boehmer" exhibited by Peter Henderson & Co. received a first Certificate of Merit and was greatly admired.

Springfield. Peter Henderson & Co's "Louis Boehmer" was shown in grand form and received a first Certificate of Merit.

Minneapolis. Peter Henderson & Co's "Louis Boehmer" proved to be a great attraction.

Hartford. Peter Henderson & Co's new "Ostrich Plume" variety was the "star" of the exhibition.

Los Angeles. The "Louis Boehmer" was universally admired and contributed largely to the success of our exhibition.

Buffalo. The blooms of "Louis Boehmer" exhibited by Peter Henderson & Co. were magnificent.

Atlanta. Every one crowded to see the Pink "Ostrich Plume" variety "Louis Boehmer" and it well repaid the trouble necessary to get near it. It will surely be popular here.

Houston. The "Louis Boehmer" arrived in perfect order and was admired by all.

CHRYSANTHEMUMS FOR CUT FLOWERS.  
OUR COMMERCIAL SET.

Chrysanthemums are now so important a feature of the florist's cut flower stock that—like the rose—they have been carefully bred and selected with a view to getting the best for that purpose, thus they are now divided into two general classes, viz: cut flower varieties and all others under the title of "General Collection."

We have carefully compared the hundreds of varieties now in use for flowering under glass—both early and late—and find those named below to be the most profitable. Our success with the "Ostrich Plume" varieties was most marked, the first cut yielding us $40.00 per 100 flowers, and never selling lower than $20.00 per 100. Those marked * will not be ready before March 1st.

EARLY VARIETIES.

Gloriosum. Large yellow.  
Elaine. Large white.  
Mrs. Fotter. Bright rosy pink.  

Robert Bottomley. White, loosely incurved.  
Mrs. Humphreys. White, reflexed.  
Mrs. Alpheus Hardy. White "Ostrich Plume" variety.  
Kioto. Yellow.  
Cullfingfordii. Dark red, globular reflexed.  

*October Beauty. Pink.  
*Mme Desgrange. White.  
*Rohallion. Deep yellow. $16.00 per 100.

LATE VARIETIES.

*H. E. Widener. Yellow, a fine variety, $20.00 per 100.  
*W. H. Lincoln. Large yellow, $16.00 per 100.  
*E. G. Hill. Deep yellow, $16.00 per 100.  
*Gold. Brilliant yellow, $12.00 per 100.  
*Grove P. Rawson. Yellow and bronze.  
*L. Canning. Pure white, $12 00, per 100.  
LOUIS BOEHMER. See above and page 6, §40.

Price for any of the above except where noted, $6.00 per 100.
The Royal Japanese Chrysanthemums,

SHOWN ON THE COLORED PLATE IN OUR RETAIL CATALOGUE.

We offer to the trade confident that there is nothing in our list it is more important they should have, as the wide circulation of our catalogue will doubtless create a local demand for these sorts. In addition to this we would say that the nine varieties so offered are worthy of a place in any collection no matter how large. The following are the sorts offered and shown on Colored Plate in our retail catalogue.

No. 1. Golden Queen. Deep violet, reverse of petals silvery rose; a charming contrast of color.

2. Cashmere. Base of petals light crimson, upper part rich amber; a novel and distinct variety.

3. Dawn. Delicate rosy blush, flowers of the largest size; undoubtedly a grand acquisition.

4. Golden Plume. Drooping petals of a rich golden color, with a tuft of feathery petals in the centre.

5. Louis Boehmer. The Pink Ostrich Plume variety. For fuller description see page 6.

6. Omar. Rich deep crimson of the shade known as "ox blood red"; a variety of undoubted merit.

7. L'Angelus. Deep rich purple, and a variety of great promise for garden or exhibition.

9. Santa Claus. Fleecey white, of the largest size and perfect form; the best in its color yet offered.

Price, $2.00 per set of 9 varieties.

GOLDEN PLUME.

The variety in our retail catalogue shown in the engraving and also in the Colored Plate of the ROYAL JAPANESE CHRYSANTHEMUMS is, perhaps, the most unique sort in its color yet introduced and should be in every collection. It is a strong grower and remarkably prolific bloomer, producing its bright golden yellow flowers in the greatest profusion. The petals are long and wavy, drooping as shown in the cut above and on the Colored Plate in retail catalogue, which please see.

Price, 20c each; $2.00 per dozen.

EARLY COLLECTION.

Although all of the Chrysanthemums are early enough to perfect their flowers in the open ground south of Baltimore, yet in the vicinity of New York and further north many of the late Linns sometimes do not, hence for such we name this Early Collection, for the benefit particularly of residents of extreme Northern States.

Belle Paulie. Soft white, tipped light rose.

Beaute des Jardins. Splendid deep purple.

Bouquet Nationale. Pure white, tinted lemon.

Elaine. Pure snow white; large and full.

Mrs. Bretz. Twisted golden petals. (See cut.)

Mad. Gramme. Pure white; beautifully incurved.

Gloriosum. Bright sulphur yellow.

Golden Lace. Pure yellow; finely cut petals.

Grace Attick. Pure white; quilled petals.

Mrs. J. H. Taylor. Pinkish lilac; very early.

Mrs. John Laing. Orange, old gold and bronze.

Mr. Wm. Barr. Bright crimson, shading to golden yellow.

Norma. Blush white, tipped rose.

Ophir. Deep golden yellow, tipped bronze.

Penelope. Rosy pink; large and full.

Source d'Or. Intense yellow, shaded old gold.

Timbaile d'Argent. Pure white, large anemone flower.

Golden Rayonnante. Sulphur yellow.

P. recocite. Small, white; very early.

Mlle. Lacroix. Similar to above but larger.

King of Crimsons. Deep red.

Jeanne d'Arc. Blush white.

Sceur Melaine. Pure white, fringed; fine habit.

Chas. Delmas. Brick red, with fiery shading.

Price, 10 cts. each; set of 25 early sorts for $1.50.
"Exhibition" Collection.

This collection is made up of such sorts as are generally grown for exhibition purposes.

The White Ostrich Plume Chrysanthemum
(Mrs. Alpheus Hardy.) Color, purest white.

Mrs. Andrew Carnegie. Blood red.

Lillian B. Bird. Beautiful light pink, extra fine.

Lizzie Cannon. Large golden yellow.

P. T. McPadden. Bright carmine.

Mrs. Geo. Bullock. Large; pure white.

M. V. Morel. Snowy white; tinted blush.

President Spaulding. Purplish carmine.

Ettie Lane. Silvery rose.

Kioto. (See cut.) Deep yellow.

Mrs. Fottler. Soft rosy pink.

Medusa. Pure white; petals long and drooping.

Mr. H. Cannell. Intense yellow.

The Bride. Pure white, large size and perfect form.

Empress of Japan. Pure white.

Mrs. John Wamamake. Silvery rose outside and deep carmine within.

Admiral Lewis. Deep wine color.

Brazen Shield. Deep brassy yellow, bronze centre.

Edna Craig. Pure white.

Grandiflorum. Bright, golden yellow.

G. F. Moseman. Incurved petals, bright Indian red inside and buff on the outside.

Isabella Bott. Pure white.

Jardin des Plantes. Large; pure yellow.

J. Collins. Bronzy orange, shaded Indian red.

John Welch. Dark crimson maroon.

Lord Byron. Deep crimson, tipped old gold.

Mrs. Frank Thompson. Bronzy carmine.

Mrs. C. H. Wheeler. Old gold and crimson.

Mrs. Humphreys. Pure white; a grand variety.

Mme. C. Audiguier. Clear rosy pink.

M. L. Fabre. Delicate silvery pink; large and fine.

Mr. H. Waterer. Deep yellow.

Nelly Bly. Twisted golden petals; profuse bloomer.

Piedro-Diaz. Brilliant crimson.

Robert Bottomley. Large; pure white.

Soleil Levant. Pale lemon yellow.

Thorpe Junior. Golden yellow.

Val. d'Andorre. (Syn., Gaillardia.) Dark red, 10 cts. each; set of 40 Exhibition Varieties for $3.00.

GENERAL COLLECTION OF CHRYSANTHEMUMS.

In addition to the above and those named on the preceding pages, we have numerous varieties which space does not permit us to enumerate. They embrace some of the very finest sorts in cultivation. If we are allowed to select from these and those herein named, we can give a fine variety for any purpose.—Early, Medium and Late flowering—our selection only. Price, $1.00 per 100.
AMPELOPSIS VEITCHII.
(Sometimes called "Boston Ivy" and "Japan Ivy").

No picture can portray the beauty of this grand climbing plant. As an important aid to architectural beauty in its rapidly attaining prominence, being now a feature on the finest houses—notably the palatial residence corner of 57th Street and 5th Avenue, New York City. Another fine example of it is seen on Grace Church, in New York, while on Commonwealth Avenue, in Boston, there are hundreds of the finest houses covered with it from foundation to roof. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevents rain from penetrating the walls. For covering dead trees, gate posts, boundary walls verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the summer the foliage is a rich shade of green, but in the fall it assumes the most gorgeous tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance.

PRICE, plants from 3 in. pots, 2 to 3 feet long, $7.00 per 100; $50.00 per 1,000. Extra strong plants from 4 in. pots, $10.00 per 100; $90.00 per 1,000.

AMPELOPSIS ROYLEI.

This is identical with A. Veitchii as regards its climbing properties, but it is a larger and stronger growing plant. The foliage even in summer is richly tinted crimson, and in autumn it is perfectly gorgeous in its flame-colored foliage. It is, in our opinion, by far the most valuable of the two varieties.

DOUBBLE GOLDEN MARGUERITE.
(Anthemis Coronaria, f. pl.)

Thousands of this valuable plant are now sold annually in the New York market, being so attractive when in bloom that it sells on sight. The flowers are clear golden yellow, it blooms without cessation the entire season; in winter as well as in summer it is ever covered with bloom. Each season's experience with this grand plant more than confirms the high opinion formed of it when first sent out.

$1.00 per dozen; $8.00 per 100.

AZALEAS.

We offer a very fine lot of Azaleas, comprising the most distinct and best varieties in cultivation, embracing all shades of crimson, white pink, orange and rose color. The "extra large" plants are all shapely specimens well headed double and single flowered, and will make splendid plants for Easter decoration. We offer 13 varieties in each size.

Extra large plants, $9.00 per doz.; $90.00 per 1,000. 2nd size, $3.00 per doz.; $30.00 per 100. Plants from 3 in. pots in 12 best varieties, $10.00 per 100.

AZALEA INDICA ALBA.

Pure white, one of the best for general use. 1st size, 4 in. pots, $2.00 per doz.; $16.00 per 100. 2nd size, 2 in. pots, $3.00 per 100.

AZALEA "DEUTSCHE PERLE."

Unquestionably the finest double white forcing variety. Price, imported well headed plants, (8 to 12 in heads), $6.00 and $7.50 per doz.
THE NEW FRENCH EVER-BLOOMING CANNAS.

Are now among the most popular of all bedding plants and deservedly so. No plant is more easy of culture—growing and flowering in almost any soil or situation from the time of planting out in May or June until cut down by frost in late fall. If desired, they may be lifted and put in large pots or boxes, and kept in bloom during the entire winter in green house or window garden, for they are never out of bloom when kept growing. For beds or lawns, or in front of shrubbery, nothing is so desirable, as their glowing colors of crimson, yellow, scarlet and orange can be seen at a great distance. Their average height is from 3 to 5 feet. Our planting of these grand plants on our grounds at Jersey City the past season, which was admired by thousands. When not wanted for flowering in winter, they should be lifted after they are cut down by frost in fall, and stored away in a cellar, just like dahlias or potatoes, when they can be divided and planted again in May or June. (See cut.)

Antoine Crozy. Flowers deep crimson, light green foliage.

Emile Leclerc. Flowers golden yellow, mottled crimson and scarlet, deep green foliage.

Admiral Courbet. Flowers light yellow, speckled and blotched with orange scarlet, light green foliage.

Flamboyant. Flowers crimson lake shade, orange, deep metallic green foliage.

G. Couston. Flowers light primrose yellow, mottled bright orange.

J. Cardioux. Flowers brilliant cardinal red.

Louise Chretien. Flowers clear yellow, speckled and splashed with orange.

Mme. de Liabaud. A grand variety, flowers deep carmine lake, sea green foliage.

Revol Massot. Flowers carmine red, lower petals blotched with golden yellow.

Ulrich Bruner. Flowers orange red, lower petals striped yellow, deep green foliage.

La Mascotte. The ground color is deep carmine, spotted canary yellow.

Price, strong roots, 20 cts. each; or $2.00 for set of 12, as named above; $15.00 per 10.

NEW FRENCH CANNAS (Scarcer Sorts of Recent Importations.)

Geoffry St. Hillaire. A grand variety. Large orchid-like flowers of a deep glowing orange shade; very large flower spike; foliage chocolate colored.

Cousanceau. Upper petals orange red, lower ones carmine crimson. A very free bloomer.

Mirabeau. Rose carmine; lower petals blotched pink on a yellow ground.

La Mascotte. Deep carmine, the base of the petals beautifully spotted with yellow.

Mont d’Or. Brilliant flame color, orange shades.

Grandiflora Picta. Bright golden yellow, spotted brownish red.

Louis Thibaud. A curious blending of orange and carmine—not unlike the color of a “Bon Silene” rose. Very free flowering.

Price, 50 cts. each; set of 8 for $3.00.

Canna Ehemani.

Entirely distinct from all other Cannas, its rich green, tropical foliage resembling the Musa or Banana. Its greatest merit, however, lies in the flowers, which are three inches long and two inches wide, of a glowing crimson color. They are produced in masses on the summit of whip-like stalks, with 25 or 30 flowers on each. After flowering in summer, the roots can be lifted and will bloom all winter in the house.

Price, $12.00 per 100.
CLEMATIS—Large Flowering.

To meet the growing demand for these fine plants we imported the finest collection to be found in Europe, and now offer them to the trade at so low a figure that a liberal profit may be had in handling them. The Clematis is now the most popular climbing flowering plant of the day, and no florist should be without a collection of them, as they sell more readily perhaps than any other hardy climbing plant, and are constantly growing in popular favor.

They are perfectly hardy, blooming the entire season, and embrace every shade of color in blue, purple, lavender, white, violet, etc., some of the flowers measuring over six inches in diameter, double and single—the double varieties are rosette-shaped; the single ones from their wavy graceful contour at a little distance resemble huge butterflies hovering among the green leaves. Our stock is very large, and we can offer them in 20 finest sorts as named below. Plants from 4 and 5 inch pots (imported stock 2 to 3 feet high.)

Large Flowering Varieties of Clematis.

Languinosa Candida. Large, white, tinted lilac.
Jackmani. (See cut and special description.)
Henryii. (See cut and special description.)
Jackmani Alba. Grayish white.
Lady Londesboro. Silvery gray, pale bars.
The Queen. Deep lavender.
Sophia. Lilac purple.
Sieboldi Hybrida. Lavender.
Mrs Baker. Silvery gray.
Fair Rosamond. Bluish white.
Lady Redcliffe. Light lavender, wine bars.
Miss Bateman. White.
Standishii. Violet blue.
Duchess of Edinburgh. Double white.
Lucie Lemoine. Double white, fragrant.
Alexandra. Violet, light centre.
Gypsy Queen. Dark velvety purple.

Price, except where otherwise priced, 1st size, 50c. each; set of 20 sorts for $5.00. Our selection of varieties $25.00 per 100.

CLEMATIS JACKMANI.

The following varieties which are also shown on the FRONT COVER OF OUR RETAIL CATALOGUE, we offer separately at reduced rates:

Clematis Flammula. (Virgin’s Bower), the fragrant white variety, $10.00 per 100.
Clematis Crispa. (American blue bells), the fragrant blue variety, $10.00 per 100.
Clematis Coccinea. (Scarlet bells), invaluable to plant with the other varieties as the contrast is effective and striking in the extreme, $10.00 per 100.

CLEMATIS JACKMANI.

The best known and most valued variety of this popular family. A perfect mass of bloom when in full flower. Color dark rich royal purple. It is the variety shown in the engraving above, and gives a fair idea of this superb Clematis.

Price, 50c. each; $5.00 per doz.; $40.00 per 100.

CLEMATIS HENRY II.

This grand large white variety is a much stronger grower than most of the other varieties, and is entirely hardy. Excellent for cemeteries, or wherever a hardy variety is desired. (See cut.)

Price, 50c. each; $5.00 per doz.; $40.00 per 100.
**New Carnation**

American Flag. (Novelty 1891)

Copied by Peter Henderson & Co.

(Ready March 1st.)

This grand novelty, which is a "sport" from that fine standard sort "Portia," originated with Mr. G. Bergmann, Flatbush, L. I., and we now offer it for the first time. It is regularly striped, vivid scarlet and purest white, and at first sight instantly recalls our national flag, hence its name. Just at the present time, when the people throughout the country are vainly seeking for an appropriate flower acceptable to all as our national emblem, nature has opportunely come to our assistance by presenting us with this grand flower—the product of American soil—which seems specially created for that purpose, uniting the red and white in the flower, with foliage of metallic blue. It is undoubtedly destined to become a popular variety both for amateurs and florists. The flowers sold in the New York market this season, at $5 to 50 per cent. above the older varieties. Aside from the sentiment suggested by it, we can say that it is a carnation of the highest merit. Like its parent, it is a wonderfully vigorous grower and profuse bloomer, possessing in a marked degree the rich clove fragrance peculiar to the finest carnations. Price, plants from 2 inch pots, ready March 1st, $2.00 per doz.; $12.00 per 100.

**MONTHLY **

*GENERAL COLLECTION READY FEB. 1st.*

The varieties named and described, we offer as the best and most distinct of the sorts of recent introduction, being careful to select such as combine beauty of form, most distinct and brilliant colors, with vigor of growth and free-flowering qualities.

**L. L. Lamborn.** This magnificent variety is the finest white introduced in many years: of the purest white, deeply fringed; having flowers measuring 2¼ inches and over in diameter, never bursting the calyx. $6.00 per 100.

**Robert Craig.** Brilliant scarlet.

**Garfield.** Crimson scarlet; extra large flower.

**Philadelphia.** Bright scarlet, very free blooming.

**King of Crimsons.** Dark crimson.

**Anna Webb.** Maroon; a grand variety for winter blooming.

**Portia.** Brilliant scarlet; a most prolific bloomer.

**Silver Spray.** A grand, white carnation; large full and fragrant. $6.00 per 100.

**Alegaterre.** Brilliant scarlet; very free flowering.

**Grace Wilder.** Exquisite delicate pink.

**Hintze’s White.** Pure white; very large.

**Scarlet Gem.** Scarlet, finely fringed.

**Century.** Brilliant crimson; the best of its color.

Price, $4.00 per 100, except where noted.
TUBEROUS BEGONIAS.
The above engraving shows these grand Bedding Begonias. The kinds we offer were specially grown for us and are a comparatively new section of this beautiful tribe. They are now largely grown as bedding plants and no doubt will be almost universally planted in the near future. The colors are far more varied and brilliant than Geraniums, the single flowers measuring from 3 to 5 inches across, ranging through all the shades of crimson, scarlet, rose, orange, etc. They require the same treatment as the fancy leaved Caladiums, Gloxinias, etc.; that is, the tubers are dried off in winter and started again in spring. (See cut.)

TUBEROUS BEGONIAS, in special colors for arranging in beds, Red, Crimson, Scarlet, Rose, White, Yellow. Price, $12.00 per 100.
Single varieties, all colors mixed, $10.50 per 100.

DOUBLE VARIETIES.
These vary in colors like the single varieties, and vary in form somewhat. The flowers average from 2 to 3 inches across. Price, $3.50 per doz.; $25.00 per 100.

NEW COLEUS.
"Silver Leaf."
This is the nearest approach to white we have yet obtained in a Coleus. In fact, under glass it is a silvery white in the centre, while outside it is a very light yellow. The edge of the foliage is a pleasing shade of green, contrasting finely with the light colored centre. The habit of the plant is particularly graceful, the leaves being gracefully twisted unlike any other variety.
As a border to the dark-leaved sorts, it is admirable, and its graceful habit, with its vivid contrast of color, will make it valuable as a pot plant or a centre plant for vases. Price, $1.00 per doz.; $6.00 per 100.

NEW HYBRID GLOXINIAS.

We offer this year a grand assortment of the above, specially selected for us from a prize European collection. They are among the handsomest of our summer blooming plants, the rich and varied coloring of the flowers being beautiful in the extreme, many of them beautifully speckled; flowers three inches long by two inches in diameter; upright and pendulous; colors crimson, violet, rose, scarlet, white, etc. The bulbs should be started in April, and after blooming all summer require a season of rest from November to April. This is done by gradually withholding water from them. They attain the greatest perfection if grown in light, rich soil in a shady, well ventilated frame. After they are done growing, they may be kept in a warm, dry cellar, or under the stage of a greenhouse, or any warm place where they don't get wet. Price, $2.00 per doz.; $12.00 per 100.
HENDERSON'S

HOLLYHOCKS.

"New Double Strain."

We have given the above name to a grand collection of Hollyhocks which we have produced after years of careful selection. These varieties are remarkable for their perfect double flowers, large size, brilliancy and variety of colors. They are now much used in summer for cut flower work, particularly the double white.

Hollyhocks are among the finest permanent garden plants, as, being entirely hardy in most places and free growing, they make a grand display with little or no care. Our collection contains all the colors named, but as they are grown from seed an occasional departure from these shades may be expected. For the same reason a small percentage may be single or semi-double. We offer them in the following shades which are the leading colors grown: double white; double yellow; double lavender; double pink; double crimson; double purple and double mireno. Price for the above varieties, plants from 2 in. pots, well established, $3.00 per 100.

DOUBLE PINK HYDRANGEA.

(H. Stellata Robusta Peau.)

A most novel and beautiful style of Hydrangea. The flowers, or more properly the bracts, are double and similar in appearance to a Polyantha Rose. It attains a height and width of three to four feet, and when in bloom is covered with its rosy red double blossoms, which, owing to their double form remain perfectly fresh much longer than the single ones. This is one of the most distinct and useful plants ever introduced, and should be in every collection. Equally hardy as the other Japan sorts.

Price for large stock plants, $2.00 each.
Strong plants from 4-inch pots, 75c. each; $7.50 doz.
Fine " " 3 " " 5c. " 5.00 
" " 2 " " 35c. " 3.50 

JAPANESE HYDRANGEAS.

Stellata Prolifera. Deep pink mottled white.
Horsell. Pinkish blue, changing to blue.
Aurea. A variety which frequently has a variation of golden yellow on leaves; flowers rosy pink.
Japonica. Rosy lilac flowers, changing to light blue.
Otausa. Rosy carmine flowers.

Price, for any of the above, 3 in. pots, $8.00 per 100; 4 in. pots, $16.00 per 100.

HARDY JAPANESE IRIS,—"Kempferii."

This beautiful genus of plants obtained its title of Iris—which is the Greek name for the rainbow—from the ancients as the most appropriate, because of the varied hues and tints of the flowers. The cut gives only a faint idea of the beauty of form and wonderful coloring of this grand species. Robust growing flowering in midsummer varying in shades of white, maroon, deep blue, yellow, carmine and violet, beautifully veined and mottled. They add grace and beauty to every garden where they are planted, and are most desirable for summer bouquets and vases of flowers, some of the varieties rivaling Orchids in beauty of marking.

Price, $1.50 per doz; $10.00 per 100; for strong flowering clumps.
HARDY MOON FLOWER.

(Ipomea Pandurata.)

This splendid addition to our list of hardy climbing plants will be hailed with delight by every one who has a fence, porch, or outbuilding which they want a climber to clamber over, one which will grow rapidly, covering up a great amount of space in one season, and one which will live in the ground over Winter in our Northern latitude; this the HARDY Moon Flower will do. The foliage is large and handsome giving a dense shade. The flowers are truly magnificent, measuring from 3½ to 6 inches across, pure white shading to pink and purple in the throat. Unlike the tender Moon Flower which we had the pleasure of bringing prominently before the public, this species opens its flowers during the day time and remains open all day, which makes it doubly valuable. Strong Northern grown roots. Price, $6.00 per 100.

NEW DOUBLE PETUNIAS.

The varieties we offer have been selected from thousands of plants we had on trial this season. The Double Petunias are easily cultivated and will thrive in any ordinarily rich garden. They should be staked up for protection from violent summer storms.

Set of 12 Double Named Petunias for $1.50. $10.00 per 100.

SEEDLING PETUNIAS.

Ready February 1st.

We offer plants grown from seed of our own saving, which has been hybridized by hand, using only the most perfect flowers, thus ensuring a choice strain of the most beautiful kinds.

Double, $6.00 per 100. Single, $4.00 per 100.

PASSIFLORAS.

John Spalding, white flowers, foliage prettily marked with bright golden yellow. Useful for cemeteries and for baskets or vases.

ASSORTED VARIETIES.

Arc-en-ciel. Citron colored centre, outer circle dark blue, very fragrant.

Constance Elliott. Beautiful variety, flowers 3 to 4 inches in diameter and pure ivory white, deliciously fragrant.

Cerulea. Similar to the preceding, but a beautiful blue.

Pforditii. A beautiful purple variety, the best of its color.

Pforditii Variegated. Similar to the above in flower; foliage variegated golden yellow.

Incarnata. Perfectly hardy, coming up from the roots each season, deep blue flowers.

Smithii. Light pink, very distinct.

Price, $6.00 per 100. Set of 8 Passifloras for 50 cts.
PETER HENDERSON & CO'S QUARTERLY TRADE LIST OF PLANTS.

PALMS, PANDANUS, DRACÉNAS, &c.

Dracaena Indivisa.

Of all the plants in use for centres of vases, baskets, or for beds in the open ground nothing is so valuable as this. From its graceful drooping habit it is called the "Fountain plant." We sell nearly 5,000 plants of it annually. Price, $8.00, $12.00, $16.00 and $25.00 per 100, according to size.

Dracaena Terminalis.

A beautiful decorative plant, gorgeous shades of crimson bronzy green and pink on the foliage. Price, $12.00 per 100, 3-in. pots; $25.00 per 100, 4-in. pots.

Areca Luteescens.

One of our most graceful Palms and of moderately quick growth, it is very decorative in all its stages of development.

Price, plants from 5-inch pots, $6.00 per doz.; plants from 6-inch pots, $9.00 per doz.

Pandanus Veitchii.

(Variagated Screw Pine.)

This is a grand decorative plant. Its beautiful form, with vivid green and creamy white variegation, added to its vigorous growth, makes it indispensable in every collection. Price, $9.00 per dozen, plants from 3 inch pots.

Kcutias, Belmoreana and Fosteriana.

Perhaps the best Palms for florists use. They retain their freshness under adverse conditions better perhaps than any other. (see cut.)

Price, fine plants, from 4-inch pots, $9.00 per doz.

" " " 5-inch " 12.00 "

Young plants " 2-inch " 16.00 per 100.

Latania Borbonica.

This fine Palm is too well-known to need any description; its strong constitution and other grand characteristics render it one of the most popular Palms grown.

Price, fine plants, from 2-inch pots, $5.00 per 100.

" " " 3-inch " 8.00 "

" " " 4-inch " 12.00 "

" " " 5-inch " 20.00 "

" " " 6-inch " 35.00 "

" " " 8-inch " 75.00 "

MAMMOTH VERBENAS.

(Market Sorts.)

We wish to call special attention to our Verbenas, which are entirely free from rust and other diseases.

General Collection.—12 best market sorts, $3.00 per 100. $25.00 per 1,000.

FRUIT AND VEGETABLE PLANTS.

HARDY GRAPES.

Moore's Diamond. A new white grape the product of a cross between Concord and Iona. It combines the best qualities of each parent and shows every indication of becoming our leading white grape both for market and private use.

Price.—Two-year-old vines, $3.50 per doz.; one-year-old vines, $3.50 per doz.

Brighton. One of the very best red grapes; early.

Niagara. The finest of the white grapes.

Worden. Black; very juicy; large size, early.

Concord. Bunch and berries large; color, black; with a rich bloom.

Delaware. Red; bunches compact; berries small, sweet and of the most excellent flavor.

Duchess. Greenish white, splendid quality.

Moore's Early. Resembling the Concord in style of growth and berry; ripening two weeks earlier. 25 cts. each.

Wilders. (Rogers' No. 9.) An excellent variety. Berries medium; bunches large; color black. A good bearer.

Agawam. Berries large, of bronze color; bunches of good size and form. One of the best.

Salem. A splendid white grape, tinged with pink.

Martha. One of the best of our greenish white grapes; exquisite flavor.

Wyoming Red. A fine light red, medium sized, splendid quality and wonderfully productive grape. 30 cts. each.

Price.—Very strong two-year-old plants, 15 cts. each, $1.50 per dozen, except where noted. Full set of 12 kinds for $2.00.

FOREIGN GRAPE VINES FOR VINERIES.

The varieties marked "H" are suited for hot graperies; those marked "H & C" will do in either.

Muscat of Alexandria. Large grape of light golden color; the most popular of the white kinds. H & C.

Black Hamburg. A well known excellent sort. H & C.

Charlesworth Tokey. White. H & C.

Muscat Hamburg. Black, with Muscat flavor. H & C.

Lady Down's. Black. H & C.

Cannon Ball Muscat. White. H.

White Frontgian. White. H.

Royal Ascot. Black. H & C.

Royal Muscadine. White. H & C.

Maddersfield Court Muscat. Black. H & C.

Splendid vines, 75 cts. each; $7.50 per dozen. Extra large fruited vines of the two varieties first on the list, $8.00 each.

NEW STRAWBERRY, DURAND'S "NECTAR."

Raised by Mr. Durand, of Irvington, N. J., and is unquestionably the best among the many excellent varieties which originated with him. It combines all the good qualities of a strawberry—firm, brilliantly colored, fruit of the largest size; rich, spicy flavor; strong; healthy growth, and makes an abundance of layers.

Prices for Pot-grown Plants.—60 cts. per doz.; $4.00 per 100. Ground layers at half the above rates.

STRAWBERRIES.

Space will not permit us to give lengthy descriptions of the numerous varieties we offer. They are fully described in our Strawberry Catalogue, which will be sent free on application. Below is a list of the leading kinds—"The Cream of the Strawberries."

All pot-grown:

FIGS.

Are hardy nearly everywhere south of Washington, and can be kept out doors in almost any well-sheltered spot in the Northern States if covered up with soil or leaves in winter; or they can be grown to fruit in tubs, which in winter can be kept in cold grapey or cellar.

Price.—Large Fruiting Plants, 50 cts. each; $4.50 per dozen.

BLACKBERRIES.

Wilson, Kittatinny, Lawton and Erie.

Price.—$2.00 per 100.

CURRANTS.

Cherry, Versailles and White Grape.

Price.—$4.00 per 100.

RASPBERRIES.

The leading sorts, Black and Red.

Price.—$3.00 per 100.

GOOSEBERRIES.

Houghton's Seedlings, $1.00 per 100.
**RHUBARB ROOTS.**

Rhubarb Roots may be planted early in spring or in fall, setting the roots three feet apart each way; if planted in spring on ground prepared, a full crop may be gathered the succeeding season. It requires but little labor; once planted, it will remain in bearing condition for three or four years, only requiring a top dressing of manure dug in spring or fall.

Rhubarb Linnæus. Old variety, $8.00 and $12.00 per 100.

St. Martin's Rhubarb. A new English variety, now grown largely for the London market. It is not only immensely productive but it is one of the earliest; but above all, it has a rich, spicy flavor, very similar to the gooseberry, when used for pies or tarts. Strong roots fit for forcing. Price, 25 cts. each: $2.00 per doz.; $15.00 per 100.

**PEPPER PLANTS. (Pot Grown.)**

(READY MAY 15TH.)

Large Bell or Bull Nose. $3.00 per 106.

Sweet Mountain. $3.00 per 100.

**EGG PLANTS. (Pot Grown.)**

(READY MAY 15TH.)

N. Y. Improved. $3.00 per 100.

Black Pekin. $3.00 per 100.

**CABBAGE PLANTS.**

(NOW READY.)

They have been wintered over in cold frames, and are ready to plant out at any time from February to end of April.

Cabbage. Early Jersey Wakefield, $7.50 per 1000

Spring sown transplanted plants, which will be hardened off in cold frames, of Early Summer, Jersey Wakefield, Succession Cabbage, Early Snowball, Early Dwarf Erfurt, and Early Paris Cauliflower, ready April 1st. Price, Cabbage $5 per 1000; Cauliflower, $10 per 1000. Special rates for larger quantities.

**LETTUCE PLANTS.**

(NOW READY.)

Early Curled Simpson, (cold frame) $4 per 1000

Black Seeded Butter. $4 per 1000

Boston Market. $4 per 1000

Spring sown transplanted plants of the above, hardened off in cold frames, ready April 1st. $4.00 per 1000.

**TOMATO PLANTS.**

Transplanted plants,

(READY MAY 1ST.)

Early Ruby, Table Queen, Perfection, Acme, Paragon, The Trophy, (from headquarters seed.) Early Smooth Red, New York Market, Dwarf Champion, and The Mikado $1.25 per 100; $10.00 per 1000. Special rates on large quantities.

---

**EXCELSIOR Standard Flower Pots.**

—WITH—

Patent Ventilated and Perfect Drainage Bottom.

These Pots are all "STANDARD" shapes and sizes, the same as adopted and recommended by the Society of American Florists, and are far superior to any other FLOWER POTS.

By the use of the EXCELSIOR FLOWER POTS the danger of OVER-WATERING is avoided.

OVER-WATERING and the want of PROPER VENTILATION causes the soil in and underneath the Pots to become sour, and the roots to decay. Many valuable plants are lost in this way.

SEND FOR CIRCULAR AND PRICES.

FRESH PALM SEEDS.
We have made special arrangements direct with collectors to take large quantities, thereby enabling us to offer them at much lower prices than they are usually sold at, and thus getting them direct, enables us to send out fresh seed, which is of more importance with this class than with any seeds we are acquainted with.

We fill all orders as soon as the seeds are received by us, which NECESSARILY will be at different seasons as the time of ripening varies in different species.

Areca Baueri. Syn: Scafotheca robusta; Rhopalostylis Baueri; Kentia Baueri.

"Bauer's Palm." This is one of the loveliest of all the Areca. Well known and cultivated largely, of medium quick growth.
Price, 90c. per 100 seeds; $1.00 per 1000.

Areca Lutescens. Syn: Chrysolodocarpus lutescens; Hyphophora indicia; H. Commersonianum.
A very popular variety with florists, clean, quick and graceful growth. Arching leaves with golden stems; quick growth.
Price, $1.00 per 100 seeds; $3.00 per 1000.

A fine, pinnated palm, of high decorative value, with dark green leaves, the veins and margins of which are tinged with red, of quick growth.
Price, 75c. per 100 seeds; $6.50 per 1000.

A splendid medium sized palm with long, gracefully arching leaves, the midribs of which are almost white, a good thing.
Price, $1.50 per 100 seeds; $14.00 per 1000.

Caryota Urens
"Fish Tail Palm or Wine Palm." A noble variety. The leaflets are shaped like the tail of a fish. Splendid when large for sub-tropical gardening. Excellent when young for table decoration
Price, 8 c. per 100 seeds; $7.00 per 1000.

Handsome and unique well adapted to sub tropical gardening. An elegant, slender stemmed, somewhat dwarf species; leaflets resembling fish tails and fins, the best of the Caryotas of quite rapid growth.
Price, $1.25 per 100 seeds; $10.00 per 1000.

Elegant, dwarf species; with long, pinnate, arching leaves the new leaves being of a beautiful red shade; A bountiful supply of water is needed; indeed, it sometimes grows best when stood in a tank of water.
Price, $2.25 per 100 seeds; $20.00 per 1000.

An exquisite, dwarf species, trunk is polished, ringed, and scarcely larger than a man's finger. Large rich dark green leaves, it produces a spike of bright orange-scarlet flowers, which ripen into scarlet berries. It is an exquisite table plant, of fairly rapid growth. Requires considerable shade and a moist atmosphere.
Price, $1.50 per 100 seeds; $14.00 per 1000.

Chamaerops Humilis.
Very ornamental and dwarf growing "Fan Palm," of very easy culture. Large, divided, fan-shaped leaves; stems thorny. Handsome for sub-tropical effects, and worthy of extended cultivation, of slow growth but an a 1, thing, standing lots of handling and ill usage.
Price, 15c. per oz.; $1.00 per lb.

Large round fan-shaped leaves deeply cut, Resembling Latania but of slower growth. Stands handling and ill usage well. A very fine palm for decoration and sub-tropical lawn effects, of very easy culture.
Price, 15c. per oz.; $1.00 per lb.

"Australian Cabbage Palm." This is a very hardy palm, with large, nearly circular, fan shaped, dark green leaves, with brown stems. Admirably adapted for various decorative purposes, especially for sub-tropical effects in summer gardening. This is of easy culture although of somewhat slow growth.
Price, 40c. per 100 seeds; $3.00 per 1000.

Cocos Plumosa.
A highly ornamental palm, with straight stem and long arching, feathery leaves, dark green above, glaucous beneath. A rapid grower, will attain a height 5 to 6 feet in 3 years; highly decorative for background.
Price, $1.50 per 100 seeds; $14.00 per 1000.
Cocos Weddeliana.

This is probably the most elegant small palm ever introduced. Leaves fern-like and gracefully arched, dark green above, glaucous below. For table decoration it is exquisitely beautiful.

**Price**, $1.50 per 100 seeds; $14.00 per 1000.

"Assai Palm." A tall growing, elegant palm with bright, clean stems, resembling Seaforthia Elegans, and considered an improvement on it, being of rapid growth and stands handling well. They should have plenty of heat.

**Price**, $2.00 per 100 seeds; $18.00 per 1000.

Geonoma Gracilis.

A very graceful dwarf species resembling Cocos Weddeliana, and by some considered superior, being more easily grown; it has graceful arching pinnate leaves. Exceedingly handsome, especially in the young state, and are very decorative for table; an a. a. 1 thing, of medium rapid growth.

**Price**, $1.50 per 100 seeds; $14.00 per 1000.

Kentia Canterburyana. *Syn.: Holyrood Canterburyana.*

"Umbrella Palm," or "Viscount Canterbury's Palm." An exceedingly decorative and ornamental palm of tall growth. The leaves are large, of a rather bright green and form a dense head. Where plenty of room can be given, this palm can hardly be overrated for specimens; rapid strong grower. The seeds are very large.

**Price**, $3.25 per 100 seeds; $25.00 per 1000.

Kentia Forsteriana. *Syn.: Howea Forsteriana; Grisbachia Forsteriana.*

"Flat or Thatch Leaf Palm." This is without exception the most hardy of its class. It is very graceful, and for table decoration scarcely has its equal. Excellent for room culture, as neither variations in temperature or gas affect it. Rapid grower.

**Price**, $1.00 per 100 seeds; $9.00 per 1000.

Kentia Moorici.

A very beautiful, rare and quite distinct dwarf palm, with leaves of dark green. This variety will grow in a cool temperature. Rapid grower.

**Price**, $3.50 per 100 seeds; $32.00 per 1000.

Kentia Belmoreana. *Syn.: Howea Bel; Grisbachia Bel.*

"Belmore's Curly Palm." A splendid variety and very largely grown. Similar but dwarfer than Forsteriana and possessing all of its excellent qualities, differing from that variety only in the tendency of its leaves to curl under, making it particularly beautiful. Rapid grower.

**Price**, $1.00 per 100 seeds; $9.00 per 1000.

Latania Borbonica. *Syn.: Livistona Chinensis; L. sinensis; L. Mauritian.

"The Bourbon Palm." A very well grown and very handsome species, of very rapid and healthy growth. Large, broad, shining green, fanned-shaped leaves. Unequalled for either parlor hall, piazza, lawn or greenhouse decoration, of medium quick growth—18 months from sowing it shows its character leaves.

**Price**, 35c. per 100 seeds; $2.75 per 1000.

Latania Commersonii. *Syn.: Latania rubra; Livistona Commersonii.*

A very handsome, distinct species. Stems smooth and slender. Leaves fan-shaped, very deeply incised and recurved segments, marginated with reddish brown. Leaf stalks long smooth and of a dark chocolate red. A robust grower, valuable and rare.

**Price**, $2.75 per 100 seeds; $25.00 per 1000.
A dwarf, elegant palm of conspicuous habit, making beautiful specimens for decoration. Leaves large, fan-shaped and plaited; dark green; scarce and desirable for collections.
Price, $1.30 per 100 seeds; $12.00 per 1,000.

Livistona Rotundifolia.
A very handsome decorative palm, with large, round, dark green leaves on long leaf stalks, of slow growth, a perfect gem of a palm; it is a dwarf compact L. Borbonica. Rare
Price, $3.25 per 100 seeds; $30.00 per 1,000.

Martinezia Erosa.
A remarkable and distinct palm, the leaves being divided into fish-tail like fronds. Very showy in either large or small specimens. Stems and leaves covered with spines; requires strong heat.
Price, $1.75 per 100 seeds; $15.00 per 1,000.

Oreodoxa Regia.
"The King or Royal Palm." A tall, elegant and graceful variety, with slender, ringed stems, bearing long terminal leaves. Admirably adapted for either sub-tropical gardening or for the decoration of apartments, of quick growth.
Price, 90c. per 100 seeds; $7.00 per 1,000.

Phenix Reclinata.
A fine large growing species, of very rapid growth, very hardy. Stands any amount of hard usage, fine vase palm.
Price, $1.25 per 100 seeds; $9.00 per 1,000.

Phenix Rupicola.
This is one of the most exquisitely graceful among the smaller palms. Its wide spreading, gracefully arching, fern-like leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of the Phenixes, of medium slow growth when young.
Price, $1.50 per 100 seeds; $12.00 per 1,000.

A very elegant species, rare in cultivation, but on account of its many good qualities and great hardihood is destined to become very popular when known. The leaves are pinnate and beautifully arched; of a pretty pink when young but green when mature; tall, slender trunk. Resembles Seatorthia Elegans and stands handling better.
Price, 60c. per 100 seeds; $5.00 per 1,000.

"Blackburn's Fan or Thatch Palm." A very noble and distinct dwarf palm. Admirably suited for window gardens when small, and for sub-tropical effects for summer gardens. Slow growth but its magnificence repays for patience.
Price, $1.00 per 100 seeds; $9.00 per 1,000.

Seaforthia Elegans. Syn: Archontophoenix Cunninghamia; Ptychosperma C.
"Illawarra Palm." One of the most beautiful of the palm family. It is perfectly smooth and attains a height of twenty feet or more, with gracefully drooping, feather-like leaves. One of the finest subjects for conservatory, greenhouse or sub-tropical gardening. Can be placed in the open air from June 1st to Oct. 1st. It is of rapid growth, attaining a height of three feet from seed the first season. Scarcely anything can equal the effect of large specimens of this noble palm, unfortunately it does not stand rough usage and handling, as well as Enterpe and Ptychosperma which are of similar appearance.
Price, 60c. per 100 seeds; $5.00 per 1,000.

Stevensonia Grandifolia. Syn: Areca, Sechellavanum; Astrocaryum Borignyanum; A. pictum; Phoenicophorum sechellaram.
The celebrated "Phenix Palm," also called the "Thief Palm." A noble and stately variety, considered one of the grandest of Palms. Even small plants show its beautiful characteristics. Requires hot moist atmosphere during growing season, but in the winter will stand as low temperature as others.
Price, $4.00 per 100 seeds; $38.00 per 1,000.
Thrinax Argentea.

"Silver Broom Palm," "Silver Thatch Palm." A noble and elegant Decorative fan palm, with large leaves of a silvery, silky appearance, beneath, of slow growth, but elegant and valuable when large and stand handling well.

Price, 75c. per 100 seeds; $5.00 per 1,000.

Thrinax Radiata. Syn: T. Elegans; T. gracilis. A very ornamental palm, with round, fan-shaped leaves, of slow growth but makes grand specimens and stands handling well.

Price, $3.50 per 100 seeds; $30.00 per 1,000.

VERSCHAFFELTIA SPLENDIDA. Syn: Regelia magnifica; R. Majestica; R. Princeps. A very handsome palm, with immense bright green leaves, with prominent veins and thorny stems. Slow growth, requires hot, moist atmosphere when growing.

Price, $3.00 per 100 seeds; $28.00 per 1,000.

IMPORTED ASSORTMENT OF FLOWER SEEDS.

In superbly colored packets for retailing are furnished to those who sell again, at 60 per cent. discount from the retail prices in quantities of not less than 5 of a kind—(smaller quantities than 5 of a kind, only 50½% off can be allowed.) We offer all of the popular Flower Seeds in beautifully lithographed packets showing the natural colors of the flowers, they are superbly executed and far superior to the colored packets usually sent out—having been painted from nature by our own artists (all of the varieties of flower seeds in this list prefixed with an asterisk (*) can be supplied in these colored packets.) We give dealers absolutely the same high grade flower seeds that we send out to our own retail trade. New supplies of Flower Seeds can be obtained at any time by mail.

We furnish elegantly colored posters free of charge, to all who sell our seeds.

Note:—The assortments of Asters, Stocks and other flower seeds quoted on page 43 are net.

New Hardy

Swiss Gladiolus "Taricepsis."

Perfectly hardy, the bulbs do not require lifting in the fall, and consequently bloom much earlier than other species. The flowers are of great size, (4 inch s across), and from 15 to 18 are borne on tall, straight spikes; the color is unusually rich, of a brilliant glowing rosy scarlet, with small white feathers on the lower petals. (We have sole control of this variety in America.)

Each, $1.25; per doz. 13 00

Double Gladiolus.
President De Seydewitz, each... $1 85

PRACTICAL FLORICULTURE.

The Following Table of Contents

will give a pretty good idea of the scope of the book—viz: How to become a florist; The prices of nursery and greenhouse products at home and abroad; The profits of floriculture; Aspect and soil; The preparation for new and the renovation of old lawns; Laying out the flower garden; Designs for ornamental grounds and flower gardens; Planting of flower beds; Soils for potting; Temperature and moisture; The potting of Plants; Drainage in pots: Expert garden workmen; Cold frames for winter protection; The construction of hot beds; Greenhouse structures; Wide greenhouses for bedding plants and rose growing; Glass glazing and shading; Modes of Heating; Heating by steam. Base-burning water heater; Propagation of plants by seeds; Propagation by seeds—what varieties come true from seeds? Propagation of plants by cutting; Saucer system of propagation; Propagating soft wooded plants in summer; Propagation of roses by cuttings; Propagating roses by grafting and budding; Greenhouse plants most in demand in spring; The cultivation of the Verbena Cold frame plants most sold in spring; Plants most in demand for window decoration in winter; Culture of winter flowering plants for cut flowers; Rose growing in winter; Bulbs for winter flowers; Violets chrysanthemums, carnations and mignonette; Bouvardias. stevas, eupatoriums, heliotropes, poinsettia and other winter flowering plants; Orchids; Chinese primrose, geranium. camelia and eucarhis; Plants used for decoration of rooms; General collection of plants grown under glass; Construction of bouquets, etc; Hanging baskets; Parlor or window gardening; Formation of rockwork and plants for rocks; Are plants injurious to flowers? The injury to plants by forcing; Nature's law of colors; What flowers will grow in the shade; Succession crops in the greenhouse; Packing plants; Plants by mail; Insects and diseases affecting plants; Mildey; Diary of operation for the year; The culture of grape vines under glass. Fully illustrated 325 pages. Sent post-paid on receipt of $1.50. It is also given free as a premium, on an order from this Catalogue amounting to $20.00.

Gardening for Pleasure tells how to grow Flowers, Vegetables and small Fruits, in the garden and greenhouse; also treats fully on Window and House Plants. It was specially written for Amateurs—Contains 404 pages, and is fully illustrated.

The scope of this book includes: Preparation of the Ground—Walks—The Lawn—Design for Gardens—Planting of Lawn and Flower Beds—Fall or Holland Bulbs, etc.—Propagation of Plants by Seeds—Propagation of Plants by Cuttings—How Grafting and Budding are done—The Potting of Plants—Winter-Flowering Plants—Plants suited for Summer Decoration—Window Gardening—Culture of Water Lilies and other Aquatic Plants—The Chrysanthemum—Parlor Gardening, or the Cultivation of Plants in Rooms—Greenhouses attached to Dwellings—Detached Greenhouses, Modes of Heating, etc—Greenhouses and Pits without Artificial Heating—Flowers which will grow in the Shade—Insects and other Parasites injurious to Plants—Humbugs in Horticulture—Hardy Grapes—The Cold Grapery—The Hot-house or forcing Grapery—The Strawberry—the Vegetable Garden—Monthly Calendar of Operations. Price, $2.00 post paid. It is also given free as a premium, on an order from this Catalogue amounting to $25.00.

It is also given free as a premium, on an order from this Catalogue amounting to $25.00.

Garden and Farm Topics. Tells how to Grow Bulbs, and contains essays on some special subjects, such as Vegetable, Fruit and Farm Crops. Fully illustrated; 244 pages. Price, post-paid, $1.00.

It is also given free as a premium, on an order from this Catalogue amounting to $25.00.

It is also given free as a premium, on an order from this Catalogue amounting to $25.00.

Henderson's Bulb Culture. (Published Sept 1st) for winter flowering in the house, greenhouse, conservatory, or on the open market. Tells how to grow lilies of the valley, tulips, crocus, and many other bulbs. Price, $2.00.
REWRITTEN, ENLARGED AND ILLUSTRATED.

Issued January 10th, 1891.

HENDERSON'S
NEW HANDBOOK OF PLANTS
AND GENERAL HORTICULTURE.

By PETER HENDERSON.

A NEW AND REVISED EDITION, WITH COPIOUS ILLUSTRATIONS, NOW READY.

This new edition comprises about fifty per cent. more genera than the former one, and embraces the botanical name (accentuated according to the latest authorities), derivation, natural order, etc., together with a short history of the different genera, and concise instructions for their propagation and culture. A valuable feature of the book, particularly to amateurs, is the great care that has been given to obtain all the leading local or common English names, together with a comprehensive glossary of Botanical and Technical terms. Plain instructions are also given for the cultivation of the principal vegetables, fruits and flowers—both for the Amateur, Florist and Market Gardener—Particularly full instructions on forcing Roses, Bulbs and other plants used for cut flowers in winter, also Tomatoes, Grapes, Cucumbers, Mushrooms, Strawberries, etc., together with comprehensive practical directions about soils, manures, roads, lawns, draining, implements, greenhouse buildings, heating by steam and hot water, propagation by seeds and cuttings, window gardening, shrubs, trees, etc. In short, everything relating to general horticulture is given in alphabetical order, in a way so complete as to make it, as a book of reference, equally as valuable as encyclopedias of gardening four times its size. Henderson's New Handbook of Plants and General Horticulture contains about 800 illustrations.

Price, $4.00, Post-Paid.

To be given free as a premium on an order from this Catalogue, amounting to $40.00.
